PRAIRIE CREEK BRIDGE IS NOW THE CONNECTING LINK WITH MOUNTAIN COUNTRY

Big Steel structure, 200 Miles West of City, Marks Completion of Prairie Section
THREE YEARS TO FINISH WORK IN MOUNTAINS
Prairie Creek to be Basis of operation During Present Year—Bridge at that Point has Cost Company over a Quarter of a Million Dollars—Sixth Big Bridge West of Winnipeg.

At Prairie Creek, 200 miles west of Edmonton, G. T. P. is building huge steel bridge which is connecting link between prairie and mountain sections of transcontinental.

At Prairie Creek, on the main line of the Grand Trunk Pacific railway, 200 miles west of Edmonton, a bridge gang is building the huge steel bridge over Prairie Creek gulch, that is to form what might be called the connecting link between the prairie section and the mountain section of the great transcontinental.

PRESIDENT TAFT HAS CALLED EXTRA SESSION

AT WHICH RECIPROCITY AGREEMENT WILL BE FINALLY DEALT WITH—SESSION WILL OPEN MARCH 28TH OR APRIL 4TH

Washington, D.C. March 4.—Convinced that the house of representatives would be unable to come to definite agreement as to the reciprocity treaty and determined that action must be taken without delay, President Taft at 12:05 a.m. announced that this afternoon he would issue his call for an extra session of congress. The date has not yet been fixed, but President Taft is considering March 28th or April 4th for the representatives to convene. The reciprocity fight has developed into one of the fiercest battles of forces that has been waged in America's history. Allied with the Republican insurgents are some of the staunchest Democratic insurgents and both factions are not yielding an inch from their original stand. The few weeks that will elapse between now and the extra session will see the setting out of finely woven silken nets of political trickery deftly prepared by the wiles of politicians. All of the finesse of such men as Champ Clark, the next speaker, and Senator Robert La Follette, of Wisconsin, will be exercised in this, a warfare of wits fought for and against by some of the most powerful interests in Canada and the United States.

MINER IS GIVEN A LIFE SENTENCE INCREASED MAIL SERVICE FOR NORTH

Two Companions Sentenced to Fifteen Years each—Thank Judge For Leniency

Calneville, Georgia, March 4.—George Anderson, alias "Old Bill" Miner, was given a prison sentence of twenty years and George Hanford and Charles Hunter, sentenced to fifteen years each here today for robbery of the express car on the Southern Railway, express near White Sulphur Springs, recently. After being sentenced the prisoners thanked the judge for not imposing heavier sentences. Anderson pleaded not guilty, but Hanford and Hunter pleaded guilty and turned state's evidence. The said Anderson was the leader of the gang which was organized in Pennsylvania with the avowed purpose of committing a train robbery in this state. Anderson is 65 years old.

LIVERPOOL MARKETS FORT WILLIAM REACHER THE SAME SITUATION.

Utilities Commission Refuses to Re-consider—Says Mayor Shows Animosity. Fort William, Ont., March 3.—Although W. McCall, chairman of the utilities committee of the city council today posted a notice in the city hall to the effect that A. L. Farquharson, for two years manager of utilities for the city of Fort William was no longer connected with that department. Mr. Farquharson continued in his usual capacity this afternoon and announced that he would continue as manager until an investigation is held. It is claimed by Mr. Farquharson and his friends that Mr. McCall has no authority to make the discharge as the matter has not yet come before council or the utilities committee. Mr. McCall gives as his reason for the dismissal that the differences between McCall and himself are personal.

MURDER IN QUEBEC Body, Covered With Ghostly Wounds, Is Found on Deserted Road—Salts Are Unknown

St. Leonard, Deslions, Que., March 4.—Residents of this district are greatly excited by the news of a murder through which Maurice Plouffe, 27, was killed and formerly of Three Rivers, lost his life. On Monday, February 27th, Plouffe arrived here and spent a couple of days in town, then started to walk back to his home. Late Thursday night his body was found on the St. Catherine road with a number of ghastly wounds. The Ministerial will meet at 4:30 on Parlers, instead of at 12:30 as has been the custom in the past.

FIELDING BUDGET WILL SHOW A THIRTY-MILLION SURPLUS

NEW CIVIC ACCOUNTING SYSTEM
Within the next two months each of the civic departments will be required to submit to the city commissioners a detailed statement showing the business transacted during the previous month. This will admit of a check being kept on the different departments and when it is in operation the commissioners are confident that it will be possible to inform the public exactly how the different utilities are being conducted and whether or not they are losing or paying propositions. Hitherto it has been impossible to ascertain the earning powers of any department until the auditor submitted his report at the end of the financial year. As an example, the power plant in its statement will show the amount of power produced, for the current month and the corresponding month last year, how much was delivered to the street railway and electric light and power department. The last mentioned departments will submit reports showing how much power they received and from these statements the commissioners can ascertain whether or not, and if so how much, power is being lost in transmission. The statement will also show the cost of production or transmission as the case may be, as well as the gross and net revenue. By these reports, if they work out as anticipated, the public can ascertain from month to month how much each department is making or losing and compare the increase or decrease with the corresponding month in the previous year. Commissioner Beaulieu stated this morning that he had hoped to have this new system in operation several months ago but the stores department had neglected to have the statements printed and the secretary-treasurer has not as yet been able to change his plans so as to embrace the new system. The statements have now been printed and as soon as the secretary-treasurer's force has completed the work of bringing its books up to date the new reports will be submitted.

BUILD CUT-OFF FROM FORT SASKATCHEWAN TOST. ALBERT

Developments of a rather unusual nature, which mean something to the future of Edmonton as the chief terminal point on the main line of the Canadian National railway, have taken place within the past few weeks. The railway department, it is said, is preparing to build a cut-off of the main line, running across country from Fort Saskatchewan, 20 miles east of Edmonton, to St. Albert, 10 miles to the north-west of Edmonton, and surveys are now at work locating this cut-off line. This information was received by the Capital today from an authoritative source. The new cut-off will connect with the main line of the C.N.R. now building west of St. Albert. It will save a run of about 5 or 6 miles on the through line. The cut-off, according to the information received by the Capital, is to be used for through freight. It will save time and cost over the cut-off without coming into the Edmonton yards. The construction of the cut-off, will require the establishment of sorting yards both at St. Albert and Fort Saskatchewan. The cut-off line will be sorted from local freight at St. Albert, and through freight going west will be sorted at Fort Saskatchewan.

WISCONSIN MEN HERE TO BUY LAND MINISTER VISITS CONDEMNED MAN

Party of Capitalists Fought to Edmonton by Land Co.—Buy in Vegreville District. Four American capitalists, headed by C. M. Boyles, one of the leaders of the International Realty company, which handles western Canada lands in Chicago, and Wisconsin, are in the city today, looking for a large tract of land. The party include F. O. Bay, A. G. Galoway, W. L. Laubs, and Dr. Bailey, all of Wisconsin. It is understood that the party have purchased a tract of land in the Vegreville district, a large part of which is in farmers to settle the land this summer. The International Realty company has been in the city for some time, in two special cars, some time next month. These will also purchase land. EARL OF CREWE ILL. London (C.A.P.)—Earl of Crewe, Leader in the House of Lords and Secretary of State for India was removed in an ambulance this morning from his hotel to his home in Berkeley square of the Countess of Crewe's father, Earl of Rosebery, following a sudden and serious illness. PERMANENT TRAFFIC BILL PASSES THE SENATE Washington, March 4.—The bill to create a permanent tariff board passed the senate this morning and is now before the house. Senator George of Oklahoma sought to force the Canadian reciprocity agreement as a rider, but the tariff board bill was passed to a third reading and he was shut out. The vote was, yeas 53, nays 23.

AUSTRALIA NEEDS TWO NAVAL BASES. ADMIRAL HENDERSON REPORTS THAT ONE SHOULD BE ESTABLISHED ON EAST COAST OF WEST COAST.

Melbourne, (C.A.P.)—Admiral Henderson, who was commissioned to devise a scheme of naval defence for the Commonwealth, urges two principal naval bases, one at Sydney, N.S.W., and Fremantle, West Australia, on the south east and south west coasts respectively. The eastern scheme will cost £2,000,000, and the western one £1,000,000. Both allow for extensions when necessary. THE WEATHER. Winnipeg, March 4.—The weather has been very cold in Manitoba and Saskatchewan. During the night, several degrees below zero has been reported. In Alberta it has been comparatively mild. Forecast: Manitoba: Fair and cold; Sunday: higher temperature; Saskatchewan and Alberta: N.W. and frost; temperature today and on Sunday. Whole Capital Expenditure and Almost all of \$25,000,000 Outlay on Transcontinental Met Out of Revenue

REVENUE INCREASE FOURTEEN MILLION

Capital Expenditure for the Year Close to Thirty Millions—National Debt Now Stands \$331,355,198 a Two Million Increase for the Year

Ottawa, Ont. March 4.—When the Hon. W. S. Fielding makes his budget speech next month he will have a wonderfully satisfactory story of financial administration to present to the country. According to the present indications the surplus of revenue over all expenditure on consolidated fund account should be in the neighborhood of \$30,000,000 or \$10,000,000 ahead of last year's high record. Mr. Fielding will be able to show that every item of capital expenditure for public works, etc., has been met out of the revenue and nearly the whole of the year's expenditure of about \$25,000,000 on the National Transcontinental railway as well. For the eleven months of the fiscal year the revenue has totalled \$104,302,705 which is an increase of \$14,618,245 over the corresponding eleven months of 1909-10 and nearly \$3,000,000 more for the whole of the last fiscal year. For the whole of the present year it is estimated that the total revenue will run close to \$117,000,000. The expenditure will probably be about \$86,000,000. On capital account the expenditure has been \$26,604,934, a decrease of \$1,384,601 as compared with the corresponding period of the preceding fiscal year, including both consolidated fund and capital expenditures. The total amount spent has been less than the revenue by nearly \$5,000,000. The net debt of the Dominion at the end of February was \$331,355,198, a decrease of nearly \$2,000,000 during the month. The February revenue totalled \$9,491,997, an increase of \$1,318,660 over February of last year.

AMERICAN CONTRACTORS ARE COMING TO CANADA

UNITED STATES INTER-STATE COMMERCE COMMISSION FORBIDS ADVANCE IN RATES AND COMPANIES STOP CONSTRUCTION WORK

U.S. railway contractors are looking to western Canada, and particularly Alberta, for work for the season of 1911, according to the Canadian Press. It is possible that the Wickham brothers, who are well known in Alberta, may look for contracts in the province this spring. They realize that there is to be a tremendous amount of railway construction to be done in Alberta this year. After winning their suit against the Grand Trunk Pacific, which has been in progress for the past few days, Messrs. Wickham, and Frank Alfred will go south again. Mr. A. A. Wickham, and Mr. Alfred will leave today in Mr. Alfred's private car for Vancouver, where they will return to Chicago by way of San Francisco. Mr. Alfred is general manager of the Cincinnati, Hamilton and Dayton road, controlling some 1200 miles of railway system. E. J. Chamberlin, general manager of the Grand Trunk Pacific, who was also in the city to attend the trial of the action left for Winnipeg in his car, this morning.

SUB-CONTRACTOR PREPARES FOR WORK INSTALS LUMBER MILL ON G.T.P. WEST

Charleton, of Spokane, Bringing in Outfit to Build 40 Miles on G.T.P. in Mountains. H. E. Charleton, of Spokane, former contractor on the Great Northern railway, who is to take a sub-contract of 10 miles on the Grand Trunk Pacific main line, reached the city last night, and is a guest at the Alberta. Mr. Charleton is to build the first 10 miles beyond the summit of the Rockies, in the Yellowstone Pass. He ordered the firm of Polys, Welsh & Stewart come weeks ago, and is now beginning to move in his outfit. He will bring a large equipment from the States. Other sub-contractors, who have taken work in the mountains, are to bring their outfit, and one of the largest lumber owners in Western Canada, Edson, reached the city last night, and went west this morning over the G.T.P. to Edson. He was a guest at the King Edward Hotel. Mr. Burrows controls extensive timber limits on the Grand Trunk in the north-west of the province, and he has been contemplating the establishment of a saw mill on his limits for some time. It is understood that the plant will be installed this spring. A boys' chorus of twenty voices will give a selection. Music by the orchestra. Illustrated hymn slides, and a temperance film, collection to meet the revenue. Come along and bring your friends with you. Children not admitted unless accompanied by their parents.

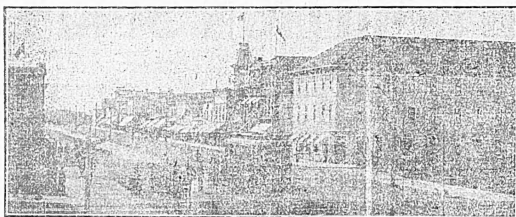

CONTRACTORS WIN SUIT AGAINST G.T.P.

Jury Awards Alfred Wickham sum of \$55,149.59—Defendants have Rights to Appeal.

The Grand Trunk Pacific Railway will have to pay to Messrs. Alfred and Wickham the sum of \$55,149.59, according to the verdict of the jury rendered yesterday afternoon, after an hour's deliberation, in the action of Alfred and Wickham vs. the Grand Trunk Pacific Railway. The suit was for \$62,000. It is possible that the railway company will appeal the case to the court of appeal, which meets next month. Leave to appeal was given by Chief Justice Harvey, who tried the case, and who granted a stay of execution for 15 days. The action has been pending for nearly two years. It was based on an understanding the plaintiffs, formerly a contracting firm in Edmonton, had to have had with Frank Morse, former general manager of the G.T.P., that they were to secure a contract for 100 miles of the railway west of Edmonton. Mr. Morse sent a telegram to Messrs. Alfred and Wickham advising them to understand that they were to put in supplies, which would be taken over at cost by the railway company, if any case the contracts were not awarded to them. The plaintiffs installed \$163,000 worth of supplies at Wolf Creek. When Mr. Chamberlain succeeded Mr. Morse, the supplies were taken over and only \$100,000 paid. Mr. Chamberlain claiming that the contractors had not having their plant on the ground ready to complete work, had refused to accept the contract.

Dance will be given on Tuesday and Friday nights, March 10 and 10th, in the Royal Hall on Kinsington avenue.

PARKDALE SUBDIVISION

Parkdale is Five Minutes' Walk from Whyte Avenue, Strathcona.

Are you in the market for residential property? If so, let us tell you something about the Parkdale Subdivision of Strathcona

Parkdale lots are offered for sale at \$200 to \$450 a lot, payable one-quarter cash, balance 6, 12 and 18 months.

Parkdale is within ten minutes' walk of Whyte Avenue, Strathcona. The new Post Office is only five blocks away. Water, light, sewer, telephone have already been installed on the streets facing Parkdale and will be available at once to purchasers establishing homes

Parkdale is within two miles of the corner of Jasper and third, Edmonton. When the high level bridge is completed a five cent fare will carry passengers from Strathcona to any point in Edmonton, giving immediate and quick connection with the business centre.

Parkdale residents will not be living in an isolated suburb, but right in the city of Strathcona, where they will have the advantage of all the opportunities for pleasure, comfort and enjoyment offered by two modern cities.

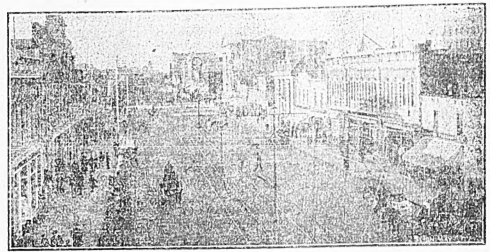

Parkdale, as a residential property, offers advantages for the business man, clerk and mechanic in either city which no other subdivision now on the market can duplicate. The prices are extremely low, lower than any of the adjacent property, and the terms are reasonable.

Parkdale offers you an opportunity to own your own home. Buy now while you have the opportunity and enjoy the advantage of "living in town."

ACTRESS TELLS OF MEN SHE'S LOVED

This article is going to be very egotistical and MacLanque and may be somewhat shocking besides, so I strongly advise prudes and churchmen to read it. It occurs to me that some of the things I write do not agree with the constitutions of said men and women—it seems to be bad for their lives—hence this preliminary note of warning. So now if you go right on and read it and it affects your liver unpleasantly don't blame me.

I am herewith going to make a few general pictures of men I have known and loved. I would rather write about almost anything else, because men are so nearly all alike and are such conventional masculine beasts, anyway. But my manner insists on demands—this, so what can a poor girl do?

Since the spring of 1902, that lucky time when I ceased to be I and became M. MacLane and left little old Butte, Mont., to go and fathom the mysteries that lie along the Atlantic seaboard in the depths of cities, when I know completely nothing about the element masculine—since that time I have met upwards of a thousand men. The women at first fought shy of me for the most part, but the men came and went in life in a never-ending stream, like a long, glittering galaxy of little gods. So I knew quite a lot about them. I shan't write everything I know—I would hardly bear it—out from the thronged memories within me. I'll call a few types—like this. The Gallow Youth, the Literary Man, the Bank Clerk, the Prize Fighter, the Absinthe Drinker, the Middle-Aged Gambler, the Younger Son and the Husband of Another.

If these types seem to make love to me don't be surprised or alarmed. It's the only reason I happen to know anything about them, and besides, men always make love to women—always.

The Gallow Youth—I knew him first in St. Augustine, Fla., where I used to spend my winters. St. Augustine, is a beautiful and beautiful hotel, a small territory and congested in visiting population. One meets a motley motley company there, from the darkest Pittsburg and deepest Indiana. And into my life one winter there blew a Gallow Youth, aged 20, I being 24. He was not only callow, but was a little youth, as good as a golden lad. His hair was the color of benedictine. His countenance, and he looked a dream in white duck rolled up over his bronzed limbs. He had a doting mother and an avaricious spinster cousin, by the way of family, in Stamford, Conn., and he

himself was a Yale sophomore. But at the time I met him he was out of that institution on an involuntary vacation, the sole information he gave me on the subject being "Poor mamma she doesn't know I'm down here. You see, it would worry her—and so needless—to know I'd got suspended for just wrecking a fire-engine."

He has absolutely no sense of humor; his type never has, and the lack is either quite fatal or else the most delicious thing in the world. "Twas the latter in the case of the callow youth—his callow name was Gerald—he took himself and all the world with a seriousness that was colossal, and for some mysterious reason he fancied himself in love with me. And for the time—the poor passer by temporary—it was not difficult to imagine oneself in love with him. He and I used to amble together at sunset, when the bells in the ancient cathedral sent jagged chimes out over the sea and low waves splashed the seawall at nonpareil, and the sky was of opals and moonlight. And thus the Gallow Youth—"You know, Mary, you are the only woman I've ever known who understood me at all, and you don't know how much it means to a man. You see, a man's got to have sympathy from some woman or nothing's worth while. There are plenty who'll tell you they love you without really being sympathetic, like poor Pluff, for instance." ("Poor Pluff" was a person of intensely yellow hair, by the surname O'Rourke, who had supported Tricke Frisgan, in the chorus of the "American Ideal.")

"Pluff was an uncommon girl in every way, and an awfully good sort, but she always wanted so much sympathy herself, you know, it made it sort of awkward. Now, you're so different. There's just one woman in the world for me now on. Everything and everybody are dead set against me, except you, and if you should fail me now there'd be nothing before me but the grave."

At which point I always looked away at the line of opals and amethysts, whereupon he glanced at me with: "You may not even yet quite comprehend me, Mary; you may think I'm young and all that rot, but I tell you truly and really, I'm a devil of a fellow when I get started." Alack, that he never did get "started," whatever that may mean. "Twas full three weeks before he heard me.

Literary Man—The Literary Man, a type that is rare in New York town, and quite the coldest, hardest, brutalist of all who walk in the busy marts, but with a certain scourginess like charm of his own. He was my bête noire for a matter of

months. I was not happy with him nor away from him. They are much more interested in sausage and beer and poker games. But in clerks, from the lowly readers to bartenders, it runs like a vein of precious metal. The Bank Clerk, a tall, slightly consumptive looking, rather ordinary looking chap of six and 20—I recollect his eyes were set somewhat too close together—I knew him in Boston, a picturesque old town which harbored me five years, a town full of delicate brownages and as capable, in its way, as New York, of being one's undoing, and New York's undoing, but that's hours from the Bank Clerk. He had made up his mind years before that when he was a young woman of ordinary good looks and a good deal of imagination, a soul above her and skittish, he would straightway fall in love with her, and ask the favor of her hand in marriage.

Well, he happened upon me, and realizing that I had an imagination of my side, he was determined to be foolishly fell in love with me and asked the favor of my hand in marriage. And I—never intended to marry him, but for a matter of 11 days my left third finger bore a glittering diamond set between two scintillant sapphires. Because my own name was too ordinary he called me Rosemary. We walked on the common Sunday morning and weekday evenings in the teeth of November winds, the while he spoke: "To think that my long dream is realized and she is walking by my side! My dear, my dear, do you know, how I look forward to the weeks from today? I have saved up in the last dozen years about \$6000 out of my own wages—in all for my wedding journey? Though I've had none but a phantom bride, still I laid it out against the time when she'd be living really, and she and I would make a wedding journey together. Six weeks' think of it! And you and I will have quit this frozen New England for Naples. We'll have landed on the shores of fair Italy, where the sky is blue and the sea is blue and the air is blue, and you fancy, my Rosemary, the day of Naples at night, with its indigo sky above it, hunk with stars, such as Massachusetts will never know—like immense yellow diamonds and seeming so near that almost we might reach them with our hands and gather them in; stars like golden discs from the tender eyes of some mammoth night goddess; stars that will be blooming there for us? We'll rest on some grassy promontory between sea and sky, surrounded by the soft black silence, unbroken save for the remote voices of singing fishermen many feet below, and the low music of the orchestras in the little cafes

that edge the bay. It will be a soft black world lit by with yellow daffodils, voiced but with far-off music and melting with the nameless enchantments of only you and me and the feeling in us."

Thus the Bank Clerk, to whom I listened, fascinated, for he meant it all. Yet not for mine. If ever there's a wedding journey for me it will be to London, to nowhere but London, that vast mixture of Babylon, ancient Rome and itself. As for the Bank Clerk, Boston is all of woman; me he has found one, a better one, which might be easily, and may they have had their time in fair Italy, where the skies are ever blue.

The Prize Fighter—The Prize Fighter—I met him in New York. A featherweight of local fame, with the little grace of a Greek disc thrower, the brow and lips of a demi-god, and the eyes and mind of an unreflexive terror. His succubus name was Ned, though his very beautiful hair was of a deep orange color, and though his clothes were well-tailored, he was in need of some good suits of high reward. So drank me many a summer's day down to Goney and many an evening of my side. I was also a good deal of a prize fighter, but always under some other Chinese restaurant down the Bowery, and many a night we have danced away a half dozen golden hours in the Third Avenue dance halls. He was a delight for sure and true. I think he gave me more unadvised pleasure on the little jaunts we took than any man I have ever known. "Kiddie," said he one evening, over a chop suey, "you've sure got me going, there ain't another girl in six months for me but you. Jimmy Ryan, friend of mine, manager of the life hour, he says to me the other night, he says, 'Just tell me, my dear, how I look for you? I'm dippy about you yet. REAL ESTATE BULLETIN

Now that the city has abandoned the policy of farming out the market revenues, First street property in the vicinity of the market has again come into good demand for business purposes.

In residential property the H. B. Reserve, Groat Estate, Inglewood and Glenora are in demand in the west end, with Norwood and Delton in the East End, the latter subdivision having lots 50 x 150 feet as in the H. B. Reserve, gives it some prominence. We have a fairly complete list in this subdivision at very reasonable prices.

NEWS OF THE CITY

Mrs. R. G. Stewart, 2001 Jasper west, will not receive next Monday.

The communion service will be held at the First Presbyterian church tomorrow morning.

Mrs. C. P. Waste who was called to the bedside of her mother, Mrs. D. K. Riddell, of Haverhill, Kansas, has returned to Edmonton.

The Ladies' Aid of Grace church wish to convey a hearty vote of thanks to all those who in any way assisted them in their continental trip last week.

The Women's Hospital Aid Society will hold their monthly meeting in St. John's schoolroom on Monday at three o'clock. All members are requested to attend to discuss the furnishing of the new hospital and other matters of interest.

Dr. Reed left by the afternoon C. P. R. train for Brandon to attend the funeral of his father who died this morning very suddenly. The deceased was eighty years of age but had only been ill for a few days.

LOCAL.
All non-commissioned officers and men of the 101st Fusiliers who are eligible for a coronation monument are asked to send in their applications before Tuesday evening. The chief qualifications are two years' service with the regiment and a good build.

The Pleasant Sunday afternoon services held at the Orpheum Theatre on Sunday afternoon and the success of the Temperance and Moral Reform League still draw a large crowd. The programmes are of a varied character consisting of Temperance addresses, interspersed with vocal and instrumental music, which makes this the most enjoyable place to spend the Sunday afternoon. On Sunday next at 4 o'clock there will be a Temperance address.

SEVEN ARE PROFESSIONALIZED.

J. W. Ward, of the board of governors of the Alberta Amateur Athletic Union, representing the Edmonton district, this morning received notification from H. Balthazary, secretary-treasurer of the union, announcing the cancellation of the amateur cards of E. P. Smith, R. H. Douglas, Edward King, Neil T. Mann, Fred Moffatt, W. A. Stewart and Thomas Melross, the claim being that they had played on professional organizations. Frank and Douglas were with Edmonton in the game against Stettler for the Pitt-Rivers trophy, and in the same games, King, formerly with St. Mary's, played centre for Stettler.

RESIDENCES IN 'SCONA.

The real estate movement in Strathcona has been particularly active during the past few days, especially in the Parkdale sub-division, which was recently thrown on the market and in which quite a number of citizens are buying property on which to build homes. It is expected that the building season in Strathcona this year will be an especially busy one, and that a large part of the building will be done in Parkdale.

PRESENT EX-SUPERINTENDENT WITH A HANDSOME DESK.

An interesting presentation was made last evening by the employees of the stores and works department of the city, when Mr. John McPherson, ex-superintendent of the department, who has recently resigned to devote his whole attention to his interests in the Edmonton Concrete company was the recipient of a beautiful combination desk and bookcase, in ordered oak. The presentation was made by Mr. John A. Winchester, the new superintendent, who spoke of the high appreciation and esteem in which Mr. McPherson is held by his former co-workers. Mr. Winchester wished the retired superintendent every prosperity in his new field of labor.

It was the opinion of Mr. McPherson's co-workers that although he has left the stores department to better himself, they have lost an employer of sterling qualities and undoubted ability. In a few suitable words Mr. McPherson expressed the regret he felt in leaving those with whom he had worked for the past fifteen years, and expressed himself as highly pleased with the presentation, declaring that nothing more suitable to his list or more useful could have been given him.

BUILDING PERMITS.

The following permits have been issued from the building inspector's office:

G. W. Clanshaw, dwelling, Sixth st., lot 21, block 5, H.B.R. 2,000.
A. Hunter, dwelling, Sixteenth st., lot 93, block 15, H.B.R. 2,200.

A. James, dwelling, Kirkness street, lot 29, block 35, Norwood 2,500.

The city commissioners this morning appointed Duncan, Robertson, clerk of the city market at a salary of \$100 per month. Mr. Robertson takes charge on Monday.

MILITIA ORDERS.

Orders by Major W. A. Griesbach, C.O., 4th Alberta Dragoons, Drill.—The Squadron will parade for drill in the Separate School Hall, on Monday evening, the 6th inst., at 8 p.m., and every Monday evening until further orders. Dress: drill order.

Coronation Contingent.—(a) The following qualifications govern applications for this contingent. Applicants must be well set up, of suitable height and physique, thoroughly trained and certified to by the Commanding Officer to be of exemplary character.

(b) They must be able to pass medical inspection.
(c) They must have completed the full military training in 1906, 1909, and 1910.
(d) Preference will be given to those who have served in the field and to those who have not taken part in the Jubilee of the late Queen or the Coronation of the late King.
(e) Applications should be made to the Major Commanding this squadron at once.

By order,
Major E. A. Griesbach,
19th A. Dragoons.

COMMISSION MEETING

Consider Tenders for Pump House Machinery on Monday and Tuesday Next

Information in regard to the terms on which the Calgary municipal street railway carries mail carriers, will be obtained by Mayor Armstrong, in response to a request for special rates which the local postmaster, A. E. May, made during the course of the commission meeting yesterday afternoon. Discussion of this subject was opened some months ago, but no satisfactory agreement was arrived at that time.

The whole of Monday and Tuesday afternoons, it is intended shall be spent by the commissioners in consideration of the tenders for pump house and power plant machinery for the year's extensions. Conferences will be held with the heads of the various departments concerned, with a view to deciding as to the best types of machinery to be installed. The final selection of the machines to be installed will be referred to a committee of departmental heads.

The question of installing block signals on the Strathcona route will be taken up for consideration in the near future.
